## **DETAILED ACTION**

### **Withdrawal of Restriction Requirement between an allowable subcombination and dependant combination.**

1. The restriction requirement between the subcombination haplotype of Claim 61 and the combination haplotype of Claim 62 has been withdrawn in view of the allowability of Claim 61. As provided in the MPEP, where applicant elects a subcombination, and claims thereto are subsequently found allowable, any claim(s) depending from or otherwise requiring all the limitations of the allowable subcombination will be examined for patentability in accordance with 37 CFR 1.104. See MPEP § 821.04(a). Applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

### **Reasons for Allowance**

2. The following is an examiner's statement of reasons for allowance.

The claims are drawn to a method of assessing susceptibility to MI in a human subject by screening the nucleic acid for four particular alleles in the FLAP gene. The presence of the haplotype (HapA) identifies the individual as having an elevated

susceptibility to MI and the absence of the haplotype identifies the individual as not having the elevated susceptibility to MI due to the haplotype.

The declaration filed by Gudmar Thorleifsson on July 7, 2008 clarifies the record and the differences in values previously presented in the two other declarations and the interview. Given the large meta-analysis and the explanation, the preponderance of the evidence on the record supports the enablement of an association between HapA and MI in human individuals.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Jeanine Goldberg whose telephone number is (571) 272-0743. The examiner can normally be reached Monday-Friday from 7:00 a.m. to 4:00 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ram Shukla, can be reached on (571) 272-0735.
